The background of the image is a classic marbled paper pattern, often used in book endpapers. It features a complex, organic design with swirling, vein-like patterns in various shades of gray, black, and white. The overall effect is reminiscent of natural stone or biological tissue.

The background of the image is a dense, overlapping pattern of numerous circular and semi-circular cross-sections of wood. These slices vary in size, from small coins to larger medallions, and are scattered across a dark, almost black, background. The wood slices exhibit a wide range of natural textures and colors, including light beiges, warm browns, and some darker, more mottled tones, suggesting different wood species or finishes. The overall effect is a rich, organic texture that mimics the appearance of a wooden surface or a collection of natural wood products.
